#### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claims 17, "obtainable" has been substituted with – produced –

#### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: The instant invention claims an absorbent polymer structure having a specific structure, composition and properties. The closest prior art references that relate to the claimed invention are Hatsuda'076, Mertens'889, '673, '862, Brehm'848, '946. The closest prior art teaches that it is known in the art to make and use absorbent polymer structures. However, the prior art does not teach or fairly suggest the instant invention as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
